JOHN W. CRESSY, Treasurer.

Report of Town School Board.

In presenting our Report for the year ending Feb. 15, 1902, your Committee will say they have endeavored to furnish you with good teachers, and, so far as we know, they have generally given good satisfaction. We believe it is the duty of the parents to co-operate with the School Board and the teachers to have our schools a success. Our teachers should attend the Teachers Institutes and read one or two good educational journals, so as to be up with the times in your school work. The teacher that is not interested in her school is a failure as a teacher, and some one else will soon take her place in the school-room.

The school-room, we believe, is a place that should be made as pleasant as our sitting-room at home,—not used to throw hats, books or snowballs in, but that each pupil should strive to make it neat and pleasant for all. We wish that in the present year, in every district, the boys and girls would see which could have the nicest looking school grounds in town.

Report of Special School District.

The Committee were fortunate in procuring the services of experienced teachers for both schools. Miss Sadie Wells has had charge of the Grammar department the entire year. With untiring industry she has labored hard for the advancement of her pupils. Their recitations, especially in mathematics, show a great improvement, and that there has been hard study is evident. We are glad to note that writing and spelling have not been neglected, but have received the attention which their importance demands.

We regret that instruction in music has been discontinued. Few, except teachers, have an adequate knowledge of the good influence which music exerts in a school.

The Winter term closes with thirty-one pupils, of whom several are from other districts. Although there have been many absences from sickness, yet we think it has been a very profitable school-year, and teacher and scholars are deserving of commendation.

Mrs. Annie (Abbott) Danforth has been the teacher of the Primary department not only the present year, but also the two preceding terms. Under her instruction the pupils have made much progress. We noticed great improvement in writing, and that most of the copy-books are neatly kept. Reading and spelling have received proper attention. Mrs. Danforth has labored faithfully and patiently for the benefit of her school, and by so doing has gained the affection and good-will of her pupils.
